TRAMPOLINE

Trampoline is a dynamic and fun sports facility. It is mainly composed of high-strength elastic mesh, paired with sturdy borders. People jump on it, soaring into the sky with the help of elasticity, feeling the wonder of weightlessness and flight. Not only can one person enjoy the fun of jumping and release stress, but also multiple people can interact in the game. Whether it's leisure and entertainment, or exercise and fitness, trampolines can bring unique experiences.

蹦床

蹦床，是一项充满活力与趣味的运动设施。它以高强度弹性网面为主体，搭配坚固边框。人们在其上跳跃，借助弹力一飞冲天，感受失重与飞翔的奇妙。既能单人畅享蹦跳乐趣，释放压力，又能多人互动游戏。无论是休闲娱乐，还是锻炼身体，蹦床都能带来独特体验。

Indoor Games

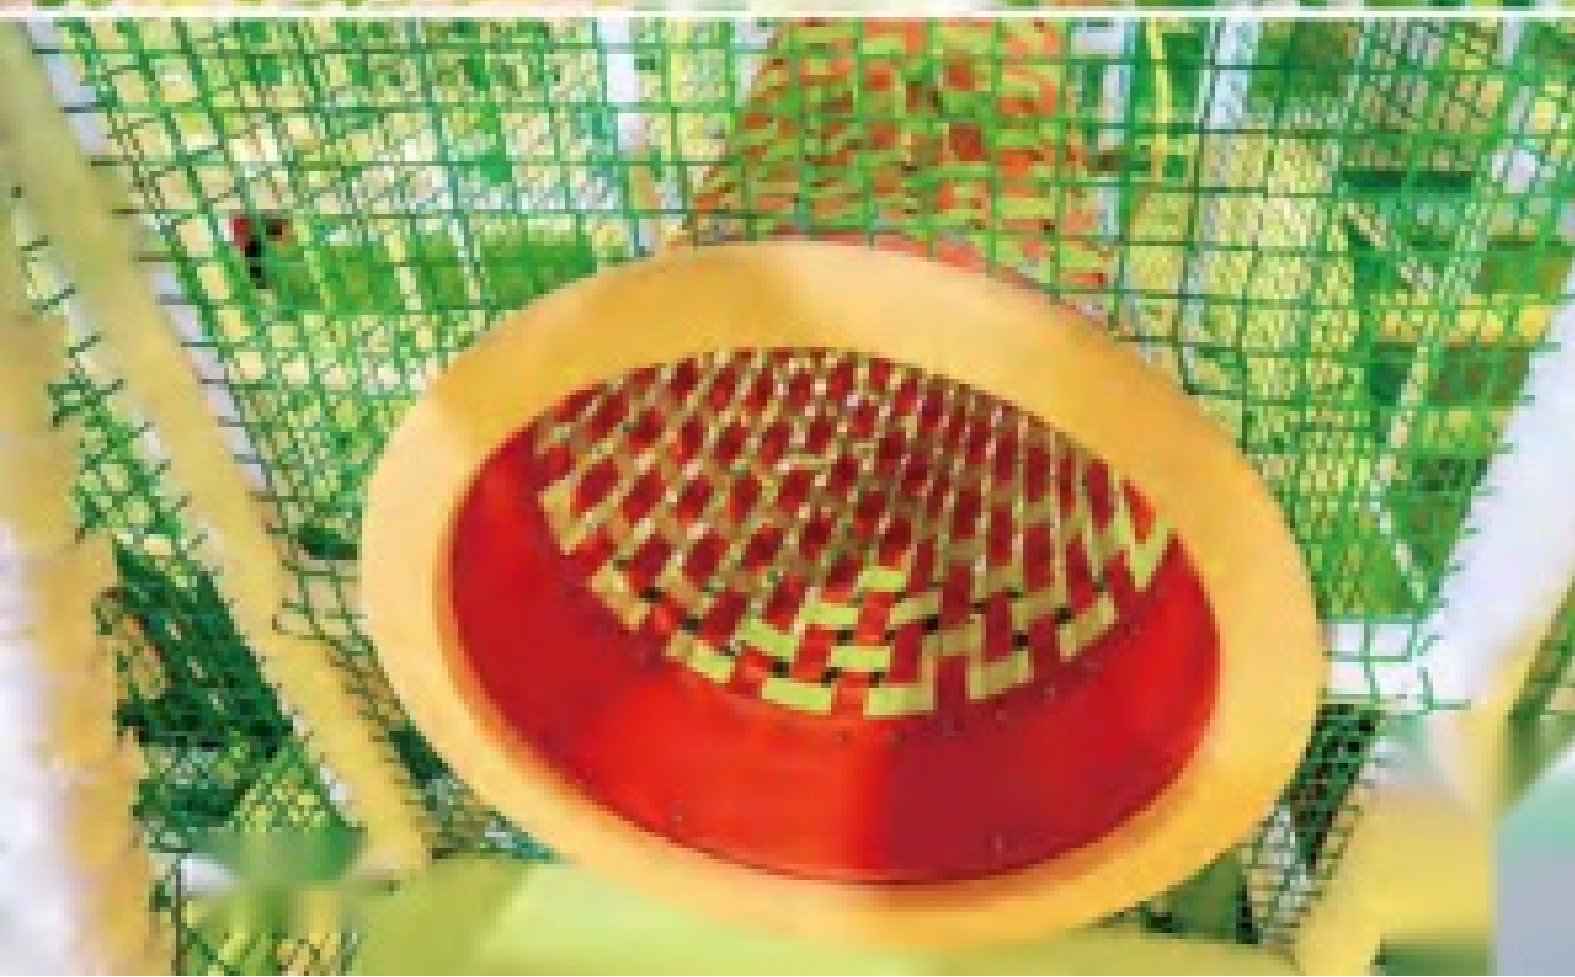

CLIMBING

Build a three-dimensional space with creative climbing facilities, including winding climbing frames and staggered climbing walls. Children shuttle and climb here, exercise their physical coordination, challenge their courage limits, fully unleash their exploratory nature, and harvest abundant joy and growth.

以创意攀爬设施构建起立体空间，有蜿蜒曲折的攀爬架，高低错落的攀爬墙，孩子们在此穿梭、攀登，锻炼身体协调，挑战勇气极限，尽情释放探索的天性，收获满满欢乐与成长。

WATER TABLE

Water Table is a comprehensive interactive water play exhibit that can present various natural phenomena, scenic wonders, human engineering, and more from a macro perspective; it can also incorporate scientific knowledge such as leverage principle, hydrodynamics, buoyancy, gravity, resistance, etc., encouraging children to deeply understand complex physical principles and natural phenomena through hands-on operation.

水乐堡

水乐堡是综合性互动玩水展品，可以以宏观的视角将大自然的各种自然现象、风景奇观、人类工程等一一呈现；也可以融入杠杆原理、水动力、浮力、重力、阻力等科学原理，鼓励孩子在动手操作中深入理解复杂的物理原理及自然现象。

Indoor Games

AERODYNAMIC BALL

By using specific devices to make air flow and form air currents, the ocean ball can move in educational equipment, allowing children to experience the scientific charm brought by aerodynamics and allowing education to occur naturally.

空气动力球

通过特定的装置让空气流动起来形成气流，让海洋球在科教设备中运动起来，让小朋友们能感受到空气动力学所带来的科学魅力，让教育自然发生。

SCIENCE EDUCATION EXHIBITS

Science Education Exhibits cleverly integrates entertainment and knowledge, making it an ideal choice for fun exploration of science. The equipment covers fields such as mechanics, optics, electromagnetics, etc., and concretizes abstract knowledge through simulation phenomena, interactive experiences, and other forms. Children can experience the charm of science through play, actively explore principles, gain knowledge and inspire thinking through laughter and joy.

科普展品

科普游乐设备巧妙融合娱乐与知识，是趣味探索科学的理想之选。设备涵盖力学、光学、电磁学等领域，通过模拟现象、互动体验等形式，将抽象知识具象化。儿童能在玩乐中感受科学魅力，主动探索原理，在欢声笑语中收获知识、启迪思维。

Indoor Games

MECHANICAL PARADISE

Mechanical Paradise is a series of projects where children can gain spatial perception by building different architectural shapes by hand. It can promote children's ability to grasp spatial relationships and develop their ability to transform two-dimensional and three-dimensional spaces.

机械乐园

机械乐园是一款儿童通过动手搭建不同建筑造型从而获得空间感知的一系列玩具，能够促进儿童对空间关系的理解能力，发展二维及三维空间的转换能力。

Indoor Games

SAND FACTORY

The Sand Factory consists of a series of comprehensive interactive exhibits, where children can operate the equipment to make the sand move and observe its performance under physical principles such as gravity and centrifugal force, achieving the goal of educational entertainment.

沙子工厂

沙子工厂由一系列综合性互动展品组成。孩子可以操作设备让沙子动起来，玩的过程中观察沙子在重力、离心力等物理原理下的表现，达到寓教于乐的目的。
